"Covers U.S. and Canadian models of Acura TL 1999 through 2008." Wastewater Treatment is another indispensable work from the author of Water Treatment. Both books are helpful tools for crisis identification and, most importantly, resolution. Tillman writes in a concise, well organized format - perfect for fast reference. This operator's guide presents basic troubleshooting and problem solving information for typical problems that can occur during the operation of processes used at municipal and industrial wastewater treatment plants. Common problems and the recommended operator responses are listed in tabular form for individual unit processes. Entry level operators will benefit greatly from the problems Tillman addresses, while experienced operators will appreciate it as a handy reference. The information compiled in this volume has been collected from various equipment manufacturers' operation and maintenance manuals, U.S. Environmental Protection Agency (EPA) technology transfer documents, the authors personal experience as a plant Operations and Maintenance manual writer, and his experience as a plant manager and operator. He includes only the most common wastewater treatment unit processes. He gives an overview of the treatment objective of the unit process, and then provides each with a troubleshooting table divided into Indicators/Observations: Possible Cause; Check or Monitor; Possible Solutions columns. Wastewater Treatment reads like the best of training manuals. Tillman's know-how, combined with his clarity, make this book required occupational reading. The brief, straightforward format and easy-to-read tables make the guide an accessible problem solving reference. A widow in her mid-thirties, Alison has been in mourning for two years. She lives in West Virginia with her sister and brother-in-law, and they are urging her to get on with her life and move back home. Alison promises to leave-just as soon as she renovates a nearly ruined 1976 Corvette rusting in their garage. Problem is, she doesn't know the first thing about cars, and the townspeople are reluctant to have a woman messing with automotive parts. This document gives guidance on legislation relevant to work at height and identifies good practice, which supports safe systems of work. The guidance is for use by fire and rescue services for planning operational service delivery and training
