In each pair, the first word is a common English word and the second word is its Spanish equivalent. Solve each puzzle by rearranging the letters to form the matching English and Spanish words. For example, consider the following pair of English-Spanish word scrambles: LOHEL/OHAL. Rearranging the letters LOHEL, we can form the English word HELLO; and unscrambling the letters OHAL, we can form the corresponding Spanish word HOLA. LEVEL OF DIFFICULTY: You need to have familiarity with vocabulary words from Spanish 1 in order to be able to unscramble the Spanish words. Once you have unscrambled both words in a puzzle, seeing the words that go together – one English, one Spanish – will help to reinforce your Spanish-English vocabulary. ORGANIZATION: All of the answers in each puzzle are related in some way. For example, they might all be days of the week, or they might be feelings. Knowing that the words are related may help you unscramble any words that you don't see right away. HINTS/ANSWERS: There are separate sections of hints and answers at the back of the book. The hints section provides just the first letter of each word. This can be useful if you just need a little help. Complete answers are provided in the answers section. You might want to place a folded sheet of paper here so that you can check the current puzzle's answers without spoiling other puzzles. In early March 1993, The Supreme Master Ching Hai, in an effort to bring the message of liberation to souls longing for their Homeland, undertook the arduous task of a worldwide tour. The lectures, discourses, interviews, and responses to innumerable questions posed by seekers around the world spanned a period of three and one-half months and included 16 countries from the Orient to the Occident and back to the Orient. People of all races, religions, and nationalities gathered to hear a living Master speak of an ancient Method by which one may escape from this world of birth, sickness, old age, and death, and describe the beauty of another world that is our true Home. Thousands of people, yearning for deliverance from the cycle of eight-four, were initiated by our benevolent Master into Quan Yin Method and thereby secured not only their own release but also that of their five generations. These six volumes consist of literal transcriptions of interviews and discourses presented by Master Ching Hai at venues that included university campuses, public auditoriums, outdoor gatherings, historical sites and hotel conference facilities, in cities around the globe. Most of the lectures were given in the English language, but in Germany, Austria, and France, Master Ching Hai spoke in the native languages of those countries. Spanish, a comprehensive learning resource, provides high-interest, full-color lessons to spark students' interest and encourage critical thinking. The fun, effective activities reinforce beginning Spanish while also providing children with colorful pictures to introduce vocabulary, a key aspect of foreign language success. A Spanish-English glossary provides helpful assistance for young children who are learning a new language. A complete answer key to measure performance is also included, as well as a fun sticker sheet and poster. Poetry is an artistic, stylistic expression and reflection of the spirit. Wu Tzu's poems transcend the preconceived thinking of worldly people, just like a pure lotus amidst the dusty world, a radiant lighthouse in the stormy sea, and a rainbow across a dark cloudy sky. The style of Wu Tzu's poetry is sometimes soft and gentle as a slow flowing stream, or sometimes vibrant and forceful as a thousand horses racing. Her verses are imbued with graceful and otherworldly qualities. When expressed in the Poet's simple, conversational words, these verses often belie their profound meanings and pure lyrical beauty. With a refreshing choice of words and harmonious rhythms in Her poems, the Poet has created a beautiful, ethereal world, as well as a poetic style that is at once romantic and splendid. Above all, these poems seem to have been created with total spontaneity, and yet their effect is total

enchantment. The quizzes and tests are written in Spanish with few English instructions so that students will show their comprehension abilities when choosing answers for the blanks. Scripture memorization is included on the quizzes and tests. Answer choices are sometimes very similar, but only one will complete the answer correctly because of the grammar s requirements. Example: If a sentence says El _____ va a la escuela and the choices given are between chico, chicos, and chica, the students know that only chico will be the correct answer. (The first word in the sentence El is the singular, masculine form which means the. The choices given mean boy, boys, and girl. The word va means he or she goes.)"
