Film Essays and Criticism Jun 05 2021 This collection of essays by Rudolph Arnheim (film criticism, U. of Michigan) explores film theory, criticism, and many classic films from the silent and early sound period (the 1920s and early 1930s). The majority of essays included in this collection were written and published in Berlin during the Weimar Republic, and have been translated into English for the first time. Arnheim argues that up until 1930, film artists created pure forms of cinema crafted with a narrative economy which could unify the most varied of effects. As movies became more realistic looking due to technical advances, cinema began to lose its integrity and viability. Paper edition (unseen), \$18.95. Edmund Wilson Feb 01 2021 In the course of a career that spanned five decades, Edmund Wilson's literary output was

impressive. His life's work includes five volumes of poetry, two works of fiction, thirteen plays, and more than twenty volumes of social commentary on travel, politics, history, religion, anthropology, and economics. It is, however, his criticism for which Wilson is best known. To note a few of his accomplishments as a critic, Wilson furthered the understanding and appreciation of the poetry of W.B. Yeats and T. S. Eliot, promoted the enigmatic prose of Marcel Proust and James Joyce, and pioneered the study of women writers such as Harriet Beecher Stowe, Edith Wharton, and Kate Chopin. With the advent of contemporary concerns in literary criticism, the work of Edmund Wilson is frequently relegated to a lesser role. In this energetic and convincing study of one of America's most distinguished literary critics, Janet Groth sets out to restore Wilson's work to a place of prominence amongst current critical modes. She offers extended and rigorous treatments of Wilson's most important critical works and traces his roots as a critic in the work of Matthew Arnold, Sainte-Beuve and Taine, demonstrating how Wilson used the work of Freud and Marx to update this tradition. Most importantly, however, Groth demonstrates that Wilson's work has significance today and that lasting value in Wilson's critical studies is his constant belief in the close relationship between life and literature.

N.K. Mikhailovsky's Criticism of Dostoevsky Apr 22 2020 This study analyzes why Mikhailovsky – a leading Russian socialist philosopher and literary critic of the mid-19th century – expressed the most insightful, proto-Bakhtinian views on Dostoevsky's writings. It examines the social and cultural context, specifically in the political climate of Mikhailovsky's journal *Otechestvennye Zapiski*, the most popular magazine of its time. Russian socialist and populist literary criticism remains terra incognita outside Russia, and stereotypical perceptions of it as obtuse, boring, and appropriated by socialist realism has prevented scholars from focusing on the literary and ideological values of it. However, the roots of modern Russian thought and self-identity took their shape under the direct influence of such social thinkers as Mikhailovsky. Examining the proto-Bakhtinian traits of Mikhailovsky's criticism of Dostoevsky shows the cultural and historical pretext of Bakhtin's discoveries.

On Seamus Heaney Sep 20 2022 A vivid and original account of one of Ireland's greatest poets by an acclaimed Irish historian and literary biographer The most important Irish poet of the postwar era, Seamus Heaney rose to prominence as his native Northern Ireland descended into sectarian violence. A national figure at a time when nationality was deeply contested, Heaney also won international acclaim, culminating in the Nobel Prize for Literature in 1995. In On Seamus Heaney, leading Irish historian and literary critic R. F. Foster gives an incisive and eloquent account of the poet and his work against the background of a changing Ireland. Drawing on unpublished drafts and correspondence, Foster provides illuminating and personal interpretations of Heaney's work. Though a deeply charismatic figure, Heaney refused to don the mantle of public spokesperson,

and Foster identifies a deliberate evasiveness and creative ambiguity in his poetry. In this, and in Heaney's evocation of a disappearing rural Ireland haunted by political violence, Foster finds parallels with the other towering figure of Irish poetry, W. B. Yeats. Foster also discusses Heaney's cosmopolitanism, his support for dissident poets abroad, and his increasing focus in his later work on death and spiritual transcendence. Above all, Foster examines how Heaney created an extraordinary connection with an exceptionally wide readership, giving him an authority and power unique among contemporary writers. Combining a vivid account of Heaney's life and a compelling reading of his entire oeuvre, *On Seamus Heaney* extends our understanding of the man as it enriches our appreciation of his poetry.

This encyclopedia surpasses existing references by offering full and current coverage of a vast range of authors and topics. While most of the entries are on individual authors, the encyclopedia gathers together information about the genres and geographical and cultural environments in which these writers have worked, and the social, political, and aesthetic movements in which they have participated. Thus the encyclopedia gives special attention to the historical and cultural forces that have shaped African American writing. - Publisher.

Jane Austen's social criticism regarding the female role. An analysis based on selected novels Jul 18 2022 Pre-University Paper from the year 2015 in the subject English - Literature, Works, grade: 12, , language: English, abstract: I have decided to write my research paper about the image of women in the 19th century in Britain. I especially want to focus on how the novelist Jane Austen takes critic on it. Furthermore, I want to find out if she impassioned the thinking of humans and influenced her readers. I have chosen this topic because Jane Austen is a very famous novelist of her time and it is notable that she has had the nobility as women to her social status to analyse its values. Furthermore, she is still popular for her novels and even Hollywood copies Austen ?s figures and ideas of romantic. I limited my theme to the novels "Emma", "Northanger Abbey", "Sense and Sensibilities" and "Persuasion" which is used to be one of her methodically sounded novels, and impressed me the most. At first, I want to give a summary of Jane Austen ?s life and oeuvre to explain who Jane Austen was and what makes her so special. Secondly, there will be an overview of the epoch in which Jane Austen grew up and by which she was probably influenced and inspired. It also should help the reader to understand the background knowledge to know how society in the 19th century in Britain worked and which values existed. Thirdly, an attempt will be made to classify her into a literary school. Besides, examples will be given of her style of writing and her criticism on the female role in her society. Moreover,

two examples of criticisms on Jane Austen work will be given. And finally, there will be a short review from the 21st century. In the last chapter, there will be a conclusion of this paper showing how Austen criticized the idea of society and its values. There will also be the answer to what makes Jane Austen so special. In addition to that there will be a review about the difficulties I had compiling my research paper and how it is possible to continue this work.

Theories of Criticism Dec 23 2022

Literature, Criticism, and the Theory of Signs Jan 24 2023
Following Peirce in his non-reductive understanding of the theory of signs as a branch of aesthetics, this book reconceptualizes the processes of literary creation, appreciation and reading in semiotic terms. Here is a carefully developed theory of what sort of criteria serve to distinguish apposite from inapposite readings of literary works-of-art. Given Peirce's triadic account of signification, it enlarges Aristotle's view of mimesis as expressive making into an understanding of literary works as deliberately designed sign-systems belonging to Peirce's eighth class of signs. In parallel with Bakhtin's account of the dialogical nature of literary work (and its success in exposing misreadings of Dostoyevsky), this work categorizes in precise theoretical terms what is wrong with the non-dialogical readings which treat Plato's dialogues as doctrinal tractates. As a study in literary theory finally, and on the basis of apt distinctions between exhibitiv, active, and assertive judgments, this book re-demarcates and distinguishes the discipline of literary criticism from that of literary theory, and both of these from the work of literary creation itself.
