Management Accounting explains the contemporary role of management accounting in business and demonstrates how it creates and enhances value. This seventh edition continues to help students build a strong foundation in management accounting by showing how the theory translates into real-world application. Technical accuracy is once again a hallmark of this market-leading and trusted resource. This edition has been thoroughly updated including revisions of sustainability reporting and social responsibility, and numerous case studies of real-world practices from Australia, New Zealand and beyond. Brand new and revised end-of-chapter activities provide students with the opportunity to apply what

they are learning in real-world situations. This edition combines authoritative, peer-reviewed content with superior educational technology. The pedagogical framework from the text continues inside the powerful Connect platform to provide a closely integrated learning solution. Interactive algorithmic activities with refreshable data sets provide almost unlimited opportunity for students to practice and receive immediate feedback. The Hilton/Maher/Selto text holds the more modern view that managers are active participants in cost minimization and control. Accountants are moving away from the traditional role of calculating and reporting results towards concentrating on the important tasks of timely analysis, interpretation, and communication of financial and related information. Hilton/Maher/Selto (HMS) addresses traditional cost concepts, but makes cost accounting functional by focusing on measuring and managing costs. HMS

maintains that, "Costs don't just happen," and with a proactive approach toward costs, accountants can add value to an organization. The real-world approach of this text, including the use of focus companies and the accompanying focus sites, provides a realistic business environment, and aids in student comprehension and interest in the subject. Accompanys: 9780078110917 . This book is an adaptation of the successful US text Cost Management by Hilton, Maher and Selto, written specifically for an international audience. Major improvements include: Diverse and truly international examples of organizations - Examples used

throughout the book are from all over the world and represent manufacturing, retail, not-for-profit, and service firms in many different countries. Completely restructured and rewritten text - The book has been rewritten, restructured and also shortened significantly to align content closer with international courses. Integral use of spreadsheets - Spreadsheet software is used for explaining techniques and making applications more realistic. In depth research - Summaries of international research studies that address important cost management issues have been updated and more references to recent research findings have been added. Intuitive explanation of accounting - The authors show directly how events impact the balance sheet and profit and loss account.

Hilton/Maher/Selto (HMS) is for instructors who want to teach students to manage costs and not just account for costs. HMS maintains that, "Costs don't just happen," and with a

pro-active approach toward costs, managers who understand cost implications as well as accountants can add value to an organization.

Hilton, Maher, Selto focuses on having students learn to make decisions by the use of Cost Management Challenges in the chapter opener, "You're the Decision Maker" boxes throughout each chapter, and the "You're the Decision Maker" simulation on the text website.
