This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your

support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant. Minimum testing requirements from orange belt to green belt in the American Tang Soo Do Federation

A lively, concise guide to the events and ideas that have shaped America over the centuries. No nation in modern history has had a more powerful sense of its own distinctiveness than the United States. Yet few Americans understand the immensely varied sources of that sense and the fascinating debates that have always swirled around our attempts to define "America" with greater precision. All too many have come to regard the study of their national history as tedious, just as they fail to embrace the past as something in which they must be consciously grounded. In this introduction to the study of American history, Wilfred M. McClay invites us to experience the perennial freshness and vitality of this great subject as he explores some of the enduring commitments and persistent tensions that have made America what it is. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public

domain in the United States of America, and possibly other nations.
